Period summary

Movement type	Active records	Litres	Value before VAT	VAT	Final value
Supplier deliveries	6	18,900.0	\$18,503.10	\$2,286.90	\$20,790.00

Cancelled movements	2	Excluded	Excluded	Excluded	Excluded

Important

The calculated balance does not estimate plant consumption. Physical tank readings reconcile any difference and establish the next baseline without rewriting previous movements.

Fuel movement details

All active and cancelled deliveries, equipment fills, and physical corrections in chronological order. Cancelled records remain visible but do not affect totals.
